STAY

ABOUT US AND WHY US

WWW.STAY.COM.PT

With over 12 years of existence, **STAY** is a Portuguese casting producer agency, whose team is made up of professionals highly qualified and with a large experience in Advertising, Cinema, and Television markets.

We provide services to advertising agencies, national and international film producers, photographers, and event producers.

Among our partner network, we have the major national and international model and actor agencies, as well as specialists in all professional areas, which allows us to give our clients an appropriate response to every need and present them a wide variety of proposals.

OUR INSPIRATION AND KNOW HOW

We regularly work on national and international remarkable campaigns, but we find our drive in internationalization in all directions, that's where lies our strength.

Our team is under the direction of **Sofia Brás Monteiro**, a professional in the national and international advertising market for over 30 years. We are prepared to direct and post-produce castings for all types of end-to-end projects, having done, since 2008, more than 1000 castings for advertising films for prestigious international brands. Our headquarters in Alcântara, Lisbon, has 2 indoor studios and outdoor areas suitable for filming, an editing department, a waiting room, and an exclusive meeting room for clients. We also direct street castings all over Portugal, always seeking new and interesting faces.

**“ THIS YEAR WE ARE FACING SO MANY CHANGES IN OUR LIVES THAT
WE NEED TO HAVE THE INTELLIGENCE TO ADAPT AND BE CREATIVE.
WE ARE READY TO INNOVATE AND ALWAYS STAY BY YOUR SIDE ”**

SOCIAL DISTANCE AND US

#STAYWITHUSSAFELY

We're in voluntary isolation since early March, in-home office. Soon we realized that the enterprise's role is strictly connected with conscientiousness and social responsibility.

THE WORLD DOESN'T STOP

NEITHER DOES ADVERTISING

So we decided to present our new service **E-CASTING**, where we ensure all the production, keeping our quality standards that always defined our work over the years. We're able to find exactly what the clients need for their campaigns and productions.

CASTINGS WITH SAFETY

#STAYSAFE

More and more, brands themselves take the lead in having campaigns shoot in the models and actors' own houses. Our team deals with all the production process, from the talent search phase until the shooting phase.

E-CASTING STAY

We have online meetings with our clients, so we can access and discuss the project briefings. We set the castings for the agents, assuring that the casting director's instructions are properly followed and that we deliver a successful final product to the client. The casting will be available online in our platform or in any other one, by mutual agreement, such as Dropbox or Wetransfer.
